

## The **JumpStart** Program!

The new **JumpStart** Program offers more start-up support than any other cleaning franchise. In addition to the sales & marketing training you receive in the initial week of training, you will receive a targeted list of prospects to help you start your customer base. The **Inside Sales Team** will call many of the companies on the list for you and determine their need for 360clean services while you are in training.

Following the week of classroom training, your **Business Coach** will work with you for two days in your territory and develop a customized Sales & Marketing Plan. Below are the highlights of the 360clean **JumpStart** Program:

- A targeted list of prospects
- A business coach
- A customized marketing plan
